

- Dear Costumer, to compile this form you will need the fabrics' processes guide, fabric's data sheed and the price list.

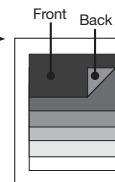

• 1) Request data	• 2) Request type
Company _____	☐ Quotation
Representative _____	☐ Order (quotation n° _____)

For the correct functioning of this module IT'S RECOMMENDED TO DOWNLOAD IT TO YOUR COMPUTER AND THEN COMPLETE IT. Direct compilation from the browser could limit some features.

• 3) Fabric _____ colour _____ processing side (if fabric's sides are different): ☐ front ☐ back

• 4) Final measures Width _____ mm (eventual ZIP included*) Height _____ mm (processes included)

* ZIP welded involves, +7 mm on left side and +7 mm on right side (for "large" and blackout ZIP)
 in the total width measure, about: +5 mm on left side and +5 mm on right side (for "small" ZIP)

In order to identify the processing's side, refers to the data sheets or to the images obtainable from:
www.marinellotende.com/en/teli-tecnici.asp

- 5) UPPER process (see images on the right hand column)

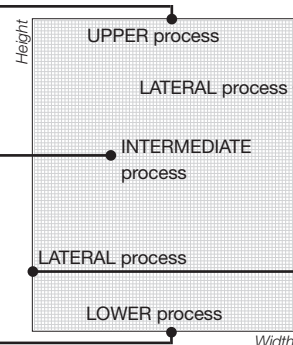

a)	b) Fabric's welding with...		c) Application of...		d) Welded pocket with...	e) Welded pocket (H weld = 10 ☐ 20 ☐ mm)		...with addition of...	
None ☐	rod Ø3,0 mm with flap ☐	keder with flap - Økeder [mm]: ☐ Ø 5,5 ☐ Ø 7,5	biadhese tape ☐	adhesive tape with staples ☐	addition of plastic rigid rod, Ørod [mm]: ☐ Ø 3,0 ☐ Ø 4,2 ☐ Ø 6,0	<u>without</u> welded corner(s) ☐ Hint = ____ mm	<u>with</u> welded corner(s) ☐ Hint = ____ mm - corners: left ☐ right ☐	nothing ☐	specify what:

- 6) INTERMEDIATE process

☐ a) None

☐ b) Welded horizontal seam/s
(indicate quantities and distances in the space below)

☐ c) Reinforcement/s (stainless steel rod insertion)
Rod's diameter [mm]: ☐ Ø 3,0 ☐ Ø 4,0 ☐ Ø 5,0
(indicate number of reinforcements and distances in the space below, counting the number of reinforcements starting from the lower part)

- 7) LATERAL process (equal to both sides, unless otherwise indicated)

☐ a) None

☐ b) Application of PVC buttons

☐ c) Welded tape for borders *(recommended for S600-S601-Fabriscreen fabrics)*

☐ d) - Welded ZIP:

☐ large [ca. 17 mm] ☐ small [ca. 11 mm] ☐ blackout [ca. 18 mm]

- ZIP colour:

☐ grey ☐ black ☐ white** *(white colour available only for large ZIP)*

*** White ZIP doesn't filter sunlight as grey and black colours*

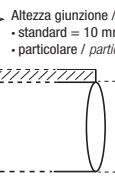

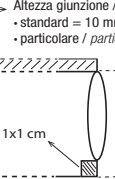

- 8) LOWER process (see images on the right hand column)

a)	b) Fabric's welding with...		c) Application of...		d) Welded pocket with...	e) Welded pocket (H weld = 10 ☐ 20 ☐ mm)		...with addition of...	
None ☐	rod Ø3,0 mm with flap ☐	keder with flap - Økeder [mm]: ☐ Ø 5,5 ☐ Ø 7,5	biadhese tape ☐	adhesive tape with staples ☐	addition of plastic rigid rod, Ørod [mm]: ☐ Ø 3,0 ☐ Ø 4,2 ☐ Ø 6,0	<u>without</u> welded corner(s) ☐ Hint = ____ mm	<u>with</u> welded corner(s) ☐ Hint = ____ mm - corners: left ☐ right ☐	nothing ☐	specify what: _____

- 9) Eventual diagrams / drawings / notes

Processes' notes

- Processes are feasible according to the chosen fabric type (see QR code above for more details)
- Pocket is always kept open on both sides, unless otherwise indicated
- Refers to the offices for processes as prints, Greek decorations, Cristal+fabric configurations, support angular weldings applications, drommets applications or other specific processes
- Refers to the offices for processes for acrylic fabrics Parà Tempotest, Starscreen and similar
- If applied to Marinello Tende's products, welded blackout ZIP doesn't make the blind product 100% blackout, but it helps to limit the passage of sunlight in the lateral sides
